

543GP2-3-HE

543GP2-3-HE

Product Description

Schaefer 54" high-efficiency panel fans are designed with large air movement and maximum performance in mind. Built maintenance-free with no belts or pulleys to change and heavy-duty 3-wing galvanized blades. Use in agricultural buildings requiring large volumes and velocities of air movement. Ideal for free-stall barns, feed lines, parlors, and holding pens.
